Ladies and Gentlemen,

We continue to work in close coordination with our local healthcare partners at the county level to provide care for our community during the COVID-19 crisis. We appreciate your round-the-clock teamwork, especially as we prepare for the likelihood of a surge. We are sharing the latest information with you as we get it, and today's update is in a new format. The attached Situation Report includes new details about the following:

- **Mask Policy:** Face Masks will be provided each day to each employee, as well as to all patients and visitors.
- **COVID-19 Hotline:** In order to keep our community safe and well-informed, we have developed a dedicated hotline to provide guidance related to COVID-19. Individuals who believe they are having symptoms of coronavirus or people with concerns are invited call **1-833-MYBAPTIST (833-692-2784)** for direction and next steps.
- **Testing Update:** We now have limited capacity to conduct COVID-19 testing in-house across our system.
- **FIU Community Testing:** In partnership with Florida International University and the Florida Department of Health, Miami-Dade has opened COVID-19 drive-through testing site on the grounds of the Miami-Dade County Fair & Exposition. Testing at the new site is designated for people 18 years and older who have symptoms associated with COVID-19.
- **COVID-19 Clinical Resource Webpage:** The Evidence-Based Clinical Care (EBCC) team has developed a Coronavirus (COVID-19) webpage for practitioners. The information on this page is being released and updated on a regular basis as more details become available regarding COVID-19. The page is accessible via any computer or mobile device:
https://goebcc.baptisthealth.net/Documents/html/index_Covid.htm

We also included important reminders to help you throughout this situation.

With gratitude and support,

Bo Boulenger
