Good afternoon,

Many cities and counties have implemented Stay at Home or Shelter-In-Place orders in our service areas and curfews during overnight hours. Attached is a letter employees should keep a copy of and show with their badge to gain access for travel to work when stopped by local law enforcement. This letter will also be posted on ***Baptist Health on the Go*** which can be accessed on your home computer to print.

Thank you,

Adriene McCoy

Dear Local Law Enforcement Partners,

Please be advised that this business performs a critical role in providing healthcare delivery services. As a result, I authorize its employees to travel outside of established curfews during the declared State of Emergency related to COVID-19. I authorize such travel only when it is necessary to deliver critical medical supplies, pharmaceuticals, and/or health care delivery services to medical facilities.

Thank you for your commitment to assisting as these individuals perform an essential public health function.

Sincerely,

Scott A. Rivkees, MD
State Surgeon General
