Ladies and Gentlemen:

As planned, we are now in the final phase of resuming elective surgeries and procedures and are working through our new normal. We have gradually expanded our services with safety at the forefront every step of the way.

Today's Recovery Update, attached here, includes:

- An update about personal protective equipment and a new source for our supply.
- Details about Baptist Health's role in expanding generic pharmaceutical manufacturing in the U.S.
- Information about our internal transfer process, which will resume June 1.

Thank you for everything you are doing,

Bo
